Introduction

NYSASDRI (National Youth Service Action and Social Development Research Institute) has evolved from a village youth club founded in 1973 to a non-governmental organization (NGO) registered under the Indian Societies Registration Act XXI of 1860 (Registration No. DKL-390/80), the Foreign Contribution Regulation Act (FCRA) of 1976 (Registration No. 104890005), section 12(A) and 80(G) of the Income Tax Act in Odisha, and the CSR (SRN-TI5392962).

NYSASDRI primarily operates in remote and inaccessible pockets of eight districts in Odisha, areas where most of the population lives below the poverty line. Our development initiative targets the poor and vulnerable sections of Odisha's demographic, including women, children, the elderly, the disabled, the destitute, forest dwellers, disaster victims, and other underprivileged groups. We have strategically developed an integrated, direct service delivery approach through research, advocacy, and networking.

Vision:

To facilitate the process of establishing a just society by enabling underprivileged people to gain power and lead a higher quality of life with access to and right over common resources.

Mission:

Empowering underprivileged communities towards increased participation in developmental decisions and actions; ensuring proper utilization of resources within the community; raising the level of literacy; and expanding access to healthcare and education.

Operational Area and Target Groups:

NYSASDRI operates mostly in remote and inaccessible pockets of eight districts of Odisha, areas where most of the population lives below the poverty line. The operational districts are Angul, Cuttack, Deogarh, Dhenkanal, Jajpur, Keonjhar, Malkangiri, and Rayagada. In these districts, NYSASDRI works with marginalized people from scheduled tribes and scheduled castes, destitute women, children, people with disabilities, disaster victims, forest dwellers, and people needing eye care or general health care.

Operational Area Map:

From The Director's Desk:

It is my privilege to present the Annual Report of NYSASDRI for the financial year 2025-26.

This year reflects our continued commitment to working with marginalized and underserved communities across Odisha. From education and women's empowerment to healthcare and livelihood support, our efforts have remained focused on creating meaningful and lasting impact at the grassroots level.

Our Educational Complexes have continued to support tribal girls with access to quality education, care, and opportunities for overall development. Through Shakti Sadan and the Family Counselling Centre, we have extended critical support to women and families in distress, helping them rebuild their lives with dignity and stability.

Our work under OFSDP-II has strengthened community participation in forest protection and livelihood activities, reinforcing the importance of sustainable development. In healthcare, our community eye care initiatives through Kalinga Eye Hospital have reached thousands, ensuring that quality eye care services are accessible even in remote areas.

At the same time, our efforts in higher education through the NYSASDRI School of Journalism and Social Work continue to nurture socially responsible professionals who can contribute meaningfully to society.

What continues to strengthen our work is the support of our partners, stakeholders, and community members. Their trust and collaboration enable us to expand our reach and improve the quality of our interventions.

While challenges remain, we are committed to moving forward with greater focus, strengthening our systems, and deepening our engagement with communities.

I extend my sincere gratitude to our team, partners, and well wishers for their continued support. Above all, I thank the communities we serve for their trust and resilience, which inspire us to do more each day.

(Sarangadhar Samal)
Director, NYSASDRI

Strategy:

NYSASDRI's development initiatives are based upon community participation. The goal is to ensure active local participation in the planning, implementation, monitoring, and evaluation of programs, so that the programs are self-sustaining and endure long after NYSASDRI's initial efforts. Additionally, increasing community involvement fosters local pride, cohesion and ownership.

The Strategic Approach of NYSASDRI Encompasses:

- Community mobilisation
- Effective governance and management
- Education and awareness
- Developmental counselling
- Skill training via health, education, and livelihood programs
- Promotion and utilization of local resources
- Networking
- Research

NYSASDRI's Affiliation with National and International Organizations:

- Member of the International Federation of Settlements and Neighbourhood Centres (IFS)
- Associate Member of the United Nations Department of Global Communication (UNDGC) (UN Press Release PI/ 1597 Dated 20th July 2004)
- Member of Voluntary Action Network India (VANI)
- Committee for Legal Aid to Poor (CLAP)
- Women Power Connect
- Member of Global Network of Civil Society Organizations for Disaster Reduction (GNDR)
- Kalinga Eye Hospital (which is the eye care unit of NYSASDRI) is an NABH accredited Eye Institute and also empanelled eye unit for ECHS, ABPMJAY & many Private Insurance Companies
- Kalinga Eye Hospital is an Institutional Member of Vision 2020, an organization formed by the International Agency For The Prevention of Blindness (IAPB) and the World Health Organization (WHO)
- Kalinga Eye Hospital is an affiliated unit with National Council of Vocational and Research Training (NCVRT) New Delhi and Singhania University, Rajasthan for Optometrist & other technical clinical courses.

NYSASDRI Educational Complex, Hukumtola

The NYSASDRI Educational Complex at Hukumtola is an important initiative of NYSASDRI dedicated to improving access to education for tribal girls from remote and economically disadvantaged communities. The institution provides upper primary education along with residential support, ensuring that students receive a safe learning environment, proper care, and opportunities for holistic development.

NYSASDRI Educational Complex, Rayagada

Class	Strength (2025-26)
I	24
II	30
III	37
IV	35
V	30
VI	11
VII	18
Total	185

The school focuses on academic excellence, health care, life skills, and personality development. At present, the institution provides education and residential facilities to 185 students from Class I to Class VII.

To support the educational environment, students were provided with school uniforms, textbooks, notebooks, and essential study materials. Monthly supplies such as soaps, detergents, and oils were also distributed to maintain hygiene and wellbeing in the residential campus. Tuition support, incentives, and other academic assistance were extended to encourage regular attendance and continued education.

Health Care and Student Wellbeing

The health and safety of students remain a priority at the Educational Complex. Regular health checkups were conducted by doctors from Muniguda along with the RBSK medical team from the Community Health Centre, Bissam Cuttack. Students requiring further care were referred to the Community Health Centre and District Headquarters Hospital for appropriate treatment.

Student's Health Checkup by RBSK Team at NYSASDRI Educational Complex

Preventive health measures were also undertaken throughout the year. Deworming medicines were administered to all students, while Tetanus and Diphtheria vaccines were provided to eligible girls as part of routine immunization. Malaria testing and health awareness sessions were also conducted to ensure timely diagnosis and treatment.

Academic Achievements

The academic year 2025-26 has been encouraging for the institution. Students demonstrated excellent performance in their examinations, and the Class V Board Examination achieved a 100 percent success rate. Many students also qualified in competitive entrance examinations for higher educational institutions.

Several students were selected for Ekalavya Model Residential Schools, Odisha Adarsha Vidyalaya, and schools under the ST & SC Development Department, reflecting the quality of education and dedication of teachers and students.

Teachers adopted innovative teaching methods, including the use of Teaching Learning Materials (TLM), activitybased learning, and interactive classroom practices to make learning effective and engaging. Regular weekly tests, monthly examinations, and periodic assessments were conducted to monitor progress. Additional classes were organized for students requiring academic support.

Skill Development and Practical Learning

Along with formal education, the school emphasizes practical learning and skill development. Students actively participated in kitchen gardening and vegetable cultivation within the campus, helping them learn about agriculture, nutrition, and environmental responsibility. Training activities such as toys making, mat weaving, and nursery management were introduced to encourage creativity and provide exposure to traditional livelihood skills.

Cocurricular and Sports Activities

The institution encourages students to participate in various cocurricular and extracurricular activities for their overall development. Competitions such as essay writing, debate, drawing, painting, singing, and dance were organized throughout the year to nurture students' talents and confidence. Sports and physical fitness form an important part of the school routine. Students regularly participate in indoor and outdoor games, physical exercise, and yoga sessions to promote physical and mental wellbeing.

Annual Sports at NYSASDRI Educational Complex

The Annual Sports Meet held in February 2026 included events such as running races, long jump, kabaddi, skipping, sack race, and other fun activities. Winners were awarded prizes, and the event created enthusiasm and team spirit among the students.

Cultural and Educational Celebrations

The school observed several national days, cultural festivals, and educational events during the year to promote cultural awareness and values among students. Important days celebrated included Utkal Divas, Dr. B. R. Ambedkar Jayanti, International Yoga Day, Independence Day, Republic Day, Teachers' Day, Children's Day, and International Women's Day. Students actively participated in speeches, cultural programs, and competitions organized on these occasions.

Rangoli made by Students in Diwali Festival

Students Dance at Chaiti District Cultural Festival

Traditional festivals such as Ganesh Puja, Raksha Bandhan, Bahuda Yatra, Karthik Purnima, Diwali, Holi, and Basant Panchami were also celebrated in the school, helping students remain connected with cultural traditions and values.

Pravesh Utsav at NYSASDRI Educational Complex

Children's Day Celebration at NYSASDRI Educational Complex

Environmental Awareness and Community Engagement

Environmental awareness is an important part of student learning at the institution. Through the Eco Club, students participated in plantation activities and awareness programs on protecting nature and maintaining a clean environment.

Students also participated in community outreach activities in nearby villages, spreading awareness about government welfare schemes and social responsibilities. These activities helped students understand the importance of community service and social engagement.

Tree Plantation Drive by Students

Students planting tree during Janajatiya Guarav Divas

Student Exposure and Institutional Activities

Students were encouraged to participate in cluster and district level competitions, including the Surabhi Program, where they showcased their talents in cultural and educational activities. The school also organized an annual picnic and recreational activities, providing students with opportunities for learning outside the classroom while strengthening friendships and teamwork.

Alumni Engagement

During the year, the school conducted an Alumni Village Survey, collecting information on 908 former students. The data will be used to prepare an Alumni Book and case studies highlighting successful alumni, which will inspire current students and strengthen the institutional network.

Institutional Monitoring

The school regularly updates student and institutional records under the Swachh Evam Harit Vidyalaya Rating (SHVR) system to maintain transparency and proper documentation. Periodic inspections by education and administrative officials ensure adherence to quality standards in teaching, campus management, and student welfare.

Overall, the NYSASDRI Educational Complex at Hukumtola continues to serve as an important platform for educating and empowering tribal girls. Through quality education, health support, cultural engagement, and skill development activities, the institution is helping students build confidence and prepare for a brighter future.

SAKTI SADAN

The "SAKTI SADAN" program is under the Mission Sakti Sub Scheme "Samarthya", supported by the Ministry of Women and Child Development and the Department of Women and Child Development, Government of Odisha. The scheme focuses on women and children who are in need of care and protection and who are facing difficult situations such as abandonment, lack of economic or social support, previous incarceration, gender based violence, broken families, family conflict and similar circumstances.

DIR (Domestic Incident Report)	06 no cases

Women in distress require care, counselling and rehabilitation. Survivors of commercial sexual exploitation require additional specialised services and support because of the challenges they have faced. These include preventive measures against trafficking, rescue, trauma care, legal support, rehabilitation, social reintegration and health care services. Shakti Sadan has been designed to address these needs of the target group and ensure their well being, growth and recovery while respecting their rights, dignity, autonomy and choices.

This shelter has a capacity for 50 survivors. All survivors are provided free accommodation, food and clothes. They also receive services such as counselling, legal aid, behavioural training, entertainment, recreational activities and free health checkups. Efforts are also made to help them become independent through vocational training in activities such as tailoring, kitchen garden activity, mushroom cultivation, phenyl making, leaf plate making, rakhi making, papad making, turmeric powder preparation, floor mat making and toy making.

Rashapurnima Celebration at Sakti Sadan Premise

Republic Day, Christmas Day, New Year, International Women's Day and Panchayat Diwas are also observed. Birthdays of survivors are celebrated to make them feel at home.

Awareness programmes are organised on violence against women, Beti Bachao Beti Padhao, HIV and AIDS, Filaria, child marriage and skill development for women. During this year the inmates also visited Santhapur Jagannath Temple, SanthasaraBanjhi Maa Pitha and Mahadev Temple along with the staff. These visits help them feel peaceful, relaxed and free from worries.

Sahasa Utsav for 16days of Activism Against Gender Based Violence

Recreational activities such as watching TV, games and celebration of festivals are organised to make their stay comfortable and happy. Festivals such as Utkal Diwas, Pana Sankranti, Sabitri, Rajo, Chita Lagi Amabasya, Raksha Bandhan, Khudurukuni Osha, Ganesh Chaturthi, Nuakhai, Dussheera, Kumar Purnima, Diwali, Laxmi Puja, Kartika Purnima, Prathamastami, Shree Panchami, Maha Shivratri and Holi are celebrated. Important days such as World HIV and AIDS Day, IndependenceDay,

During the year 2025 to 2026, a total of 128 survivors (69 women and 59 children) were enrolled in Shakti Sadan. During this reporting period 102 women and 71 children received benefits from the centre. After counselling and intervention, 75 women and 65 children were successfully rehabilitated. 123 survivors were reunited with their families, 13 survivors were restored to their parents, 3 survivors stayed with their relatives and 1 survivor received an employment opportunity.

Gardening by womens and children at Sakti Sadan

Regular health checkups of the survivors are conducted every week by a doctor and necessary advice and medicines are provided. Out of the 71 children enrolled, 42 children were admitted to Santhasara Primary School, 24 children were admitted to the Anganwadi Centre under ICDS and 5 children are staying with their mothers in the shelter home.

The Child Development Project Officer (CDPO), Gondia and the Home Committee formed as per government guidelines conduct monthly reviews. They review the quality of food, comfort of residents, services and facilities in the centre, and the quality of counselling and vocational training. The committee also provides suggestions for improvement whenever required.

Visit of CDPO to Sakti Sadan Office

Admission of Students into School

On 20.08.2025, a state level inspection was conducted by Sri Rajesh Kumar Mohapatra, Sr. ASI, W and CD Department and Mamali Pradhan, ASO, W&CD Department along with the District Coordinator, Dhenkanal and DSWO, Dhenkanal. On 23.02.2026, the SWO, Dhenkanal visited Shakti Sadan. On 10.11.2025, the SWO, Dhenkanal visited the centre to assess the infrastructure and facilities available in the shelter home. On 22.12.2025, the PO ICDS Cell and SWO, Dhenkanal visited Shakti Sadan and provided suggestions for improving the rehabilitation process of survivors.

Every month the Child Development Project Officer, Gondia visits Shakti Sadan to attend the Home Committee meeting, review the performance of the shelter home and discuss the requirements of the survivors. Officials from the District Hub for Women Empowerment under the DSWO Office, Dhenkanal, including the District Coordinator, Gender Specialist Samarthya, Gender Specialist Sambal and Financial Literacy team, visit the shelter home twice every month. They interact with survivors and staff and verify documents, online data entry and infrastructure. In addition, police stations of Gondia, Kamakshya Nagar, Parajang, Bhuban, Joranda and Nihal Prasad visit Shakti Sadan for rescue operations and for handing over survivors to the shelter home.

Vocational training on art crafts with paper and natural color

Case Study: Sunayana Naik

Sunayana Naik, a 27-year-old woman, was married to Chaitanya Naik, son of Ushaba Naik and Bedi Naik of ArtasantaraKatani in Dhenkanal District, with the consent of her parents and following traditional customs. Initially, their marital life was peaceful and harmonious. The couple has five daughters: Archana Naik (11 years), Mehek Naik (9 years), Dipti Naik (7 years), Dipali Naik (5 years), and Ananya Naik (newborn). After the birth of their daughters, Chaitanya Naik began consuming alcohol and subjected Sunayana to physical abuse, repeatedly demanding a male child. Sunayana lodged an FIR against her husband. However, after counselling by the police, both parties were sent back home. During her fifth pregnancy, Sunayana was again physically assaulted. After the birth of her fifth daughter, Chaitanya, under the influence of alcohol, attempted to harm the newborn and continued his abusive behavior. Fearing for her safety and that of her children, Sunayana returned to her parental home along with her five daughters. Upon learning about her condition, a doctor informed social worker Pushpanjali Moharana, President of Human Rights. She intervened and arranged shelter and care for Sunayana and her children. Subsequently, staff members of Shakti Sadan, NYSASDRI, rescued them and brought them safely to the Shakti Sadan Shelter Home.

At Shakti Sadan, Sunayana and her daughters were provided with counselling, food, accommodation, safety, and medical care. The children were enrolled in school, and all essential facilities were ensured. The newborn was named Ananya Naik. The family is now living in a safe and supportive environment, actively participating in daily activities and community life. Various festivals and National days were celebrated with active participation, promoting cultural awareness, emotional well-being, and a sense of belonging. Vocational training programs were also conducted to enhance skills and empower the residents, helping them become more self-reliant and confident about their future. After a few months, Sunayana's husband and in-laws visited Shakti Sadan for counselling. However, a dispute arose, and the matter was referred to Gondia Court.

Sunayana along with her family

Sunayana and her husband being Counsellor

On 17th March 2026, a hearing was held at Gondia Court. Both parties, along with Sunayana's in-laws, her mother, and elder sister, were present. After discussion, both sides acknowledged their mistakes and expressed apologies. It was mutually agreed that Sunayana would complete the necessary formalities and return to her matrimonial home.

Family Counseling Center

To look after violence and harassments cases against women and especially similar types of cases those are reported at district administration are referred to Family Counselling Centre (FCC) for counselling and appropriate action. As the FCC run by NYSASDRI has already established its identity in the district, many cases come directly to FCC. During the current reporting period, counselling support has been provided to 104 families out of which 58 cases mutually settled and 43 cases forwarded to court. Counsellors often invite rather take support of local police officers, PRI members, District Social Welfare Officer, Protection officer, Legal experts like Advocate and members from the community having influencing /reconciling capacity.

Out Come of closed cases	Result in #
Total no case enrolled and Counselling	104
Case closed	101
Domestic violence	71
Economic Crisis	03
Family and Property Dispute	07
Extra Marital Relationship	16
Mental and Physical Torture	02
Work place harassment	01
Negligence by Brother	01
#of subcommittee meeting organised	04

All these persons and their offices contribute and counsel to settle the matter and if the case does not move towards suitable settlement then these members select appropriate action like decides whether to send legal aid cell, police station, Shakti Sadan or women cell opened by Govt at the district level. 4 nos of Sub-Committee meetings conducted during the reporting period to review the function of FCC assess the status of the cases dealt by FCC and approve the future action plan formulated by FCC. The Family Counselling Centre has conducted 26nos of publicity and awareness campaigns on different women related social issues in schools, offices, and village community centres. Topics focused were the need to stop violence against women and stop child marriage.

CASE STUDY of Chakradhar Das

S/O Late Chandramani Das

At – Gudianali, PO – Dhenkanal

Age: 31 years,

Occupation: Daily wage labourer

Education +2 pass

Problem: Extra Marital Affairs

Result: Reconciliation through session meeting in presence of Lawer and PRIs

FCC Councelling Centre , Dhenkanal

The couple approached the Family Counselling Centre (FCC) due to severe marital discord that arose a few months after their marriage. The primary cause of conflict was reported to be the involvement of the wife in an extramarital affair, which led to frequent disputes, mistrust, and emotional distress within the family. Prior to approaching FCC, attempts were made by both families to resolve the issue amicably through mutual discussions. However, these efforts did not yield any positive outcome, and the relationship continued to deteriorate. The couple formally registered their complaint at the FCC seeking resolution. The case was taken up by the counsellors, and both parties were provided a safe and confidential environment to express their concerns. Individual counselling sessions were conducted to understand each party's perspective. Joint counselling sessions were arranged to address communication gaps and rebuild trust. A total of three extended counselling sessions were held. Emphasis was given on mutual understanding, emotional responsibility, and the importance of marital commitment. After continuous counselling and guidance, both parties showed positive behavioural changes. They expressed willingness to resolve their differences and rebuild their marital relationship. The couple mutually agreed to live together peacefully and continue their marital life with better understanding and trust. Post-resolution, the FCC is maintaining regular follow-up with the couple to ensure stability in their relationship and to prevent recurrence of similar issues. The case was successfully resolved through timely intervention and effective counselling by FCC. The couple has resumed cohabitation with a commitment to maintain harmony in their marital life.

NOVEMBER 25th –DECEMBER 10th 2025 (16 DAYS OF ACTIVISM) GENDER-BASED VIOLENCE

16days of activism gender based violence organised by Family Counselling Center ,NYSASDRI ,Dhenkanal Collaborationwith District Social Welfare Office and supported by State Social Welfare Officer . The District-Level Launching programme of the "16 Days of Activism Against Gender-Based Violence" was formally inaugurated by DSWO, Dhenkanal and was arranged by FCC, NYSASDRI.

FCC team rally for 16days Activism again Gender based violence

District Social Welfare Officer (DSWO), Protection Officer, ICDS PO, District Coordinator, personnel from the HUB for Women Empowerment, Shakti Sadan and One Stop Centre staff, Anganwadi Workers (AWWs), members of the local community, and students.As part of the observance, a rally was conducted with active participation from all stakeholders, during which awareness slogans on women's empowerment and the elimination of

gender-based violence were raised. The programme aimed to promote community awareness, reinforce collective responsibility, and strengthen the district's commitment towards creating a safer and more gender-equitable society.

The session covered key topic such as the POCSO Act, Domestic Violence Act , POSH, Child Marriage Prohibition, and Dowry Prohibition Awareness leaflets were also distributed to enhance understanding and promote prevention of gender - based violence in the community. As part of the initiative , we organized a series of competition, including debates , slogan writing , and essay writing . Students actively participated and expressed their thought on Gender equality, challenges faced by women, and the role of youth in bringing positive change.

District level Activism to create awareness on Gender-Based violence focus on IEC for behaviour change activities. Street playsfolk songs at Chandan Bazar, Dhenkanal.

The valedictory function of the "16 Days of Activism against Gender- Based violence" was held at the Sadar Block conference Hall, Dhenkanal. The programme was chaired by the BDO, DSWO, ICDS PO, Protection officer and the programme officer, CDPO, DCPO, and DSPwith the presence of HUB Members, ASHA workers, AWWs, and supervisors. A total 140 participants were present at the programme.

16days activism against gender based violence at Sadar Block conference Hall , Dhenkanal

As part of the concluding day's celebration, FCC NYSASDRI presented a comprehensive overview of the fortnight - long awareness activities conducted on various themes provided by the Department of women & child development, Government of Odisha. The programmed included addresses by senior officials, law enforcement officers, and experts on domestic and

workplace violence, women's rights, legal provisions, welfare schemes, and cyber safety. Speakers emphasized women's economic independence, family and community support, awareness of women-centric laws, and the role of institutions such as Sakhi One Stop Centre and Shakti Sadan. Participants were encouraged to raise their voices against injustice and remain informed about available support mechanisms. The importance of Anganwadi and ASHA workers in spreading awareness was highlighted. The event also featured a prize distribution ceremony for students who excelled in the quiz competition organized under the 16 Days of Activism campaign.

Restoration of Degraded Forests and Livelihood Improvement of Forest Dependent Communities (OFSDP II)

Awareness camp for forest fire prevention at kamakshyanagar East, Dhenkanal

Hands-on experience of IGA activities and plantation site visit

NYSASDRI has been working as a partner NGO with the Dhenkanal Forest Division under the Odisha Forestry Sector Development Project Phase II (OFSDP II) since 2017. Under this program, the organisation has deployed 18 personnel in six teams across six Forest Management Units (FMUs), namely Dhenkanal, Hindol, Kamakshya Nagar East, Kamakshya Nagar West, Sadangi, and Kapilash.

The field teams actively support a range of community capacity building and livelihood improvement activities in these FMUs. The project interventions currently cover 150 Vana Surakshya Samiti (VSS) and around 220 Women Self Help Groups (WSHGs) in forest fringe villages.

Honey Bee Box Installation Programme

Hands-on experience of IGA activities and plantation site visit

The program is implemented through a Government NGO partnership model, where planning, execution, and monitoring are undertaken jointly. Regular monitoring and review meetings are conducted at the FMU level on a weekly and monthly basis by the concerned forest officials. District level forest authorities also maintain direct coordination with the NYSASDRI field teams to ensure smooth implementation and timely progress of project activities.

During the current reporting period, the following major activities and achievements were undertaken.

Forest Fire Protection and Safe Mahula Flower Collection

Campaign for Forest fire at Khajuria villagers

Training for Safe Collection of Mahula Flower

Forest fire prevention and awareness remain an important component of the project, particularly during the Mahula flower collection season (February to April) when incidents of forest fire often increase due to the practice of burning dry leaves to collect fallen flowers. Awareness programs were organised in several VSS areas including Baghua, Khajuria Dehursahi, Baghabasa, Palasadangi, Makuakatani, Hatibari, Koi, Koi Balisahi and Khajuria Dehury Sahi. These programs focused on educating villagers about the causes and impacts of forest fires, safe collection practices for Mahula flowers, and the importance of protecting forest biodiversity.

Candle Making Training for women

PMEGP scheme awareness

Villagers were sensitised on the creation of fire lines, which are cleared strips of land that prevent the spread of fire. Demonstrations and discussions were also conducted on the role of community fire watchers and firefighting squads in early detection and control of forest fires. The training programs encouraged villagers to collect Mahula flowers only after the natural fall of leaves, discouraging the risky practice of burning dry leaves. Community engagement activities were supported with practical demonstrations and awareness on simple tools and techniques that make Mahula flower collection safer and more efficient. These initiatives complement the existing forest fire management system of the Forest Department, which includes fire lines, fire watchers, quick response teams and community participation.

To further strengthen awareness, street plays were organised in VSS areas such as Sekul Kot, Mandiabasa, Khateibereni, Koi and Makuakatani. These plays used storytelling, music and local cultural elements to communicate important messages related to forest fire prevention, wildlife protection and sustainable livelihood practices.

The performances highlighted the ecological importance of forests and wildlife, the dangers of careless activities such as burning leaves or discarding cigarettes, and the need for community cooperation in protecting natural resources. The interactive nature of the street plays helped reach a wide audience and created greater awareness among villagers, youth and community members. Such initiatives have strengthened community participation in forest protection, encouraged responsible behaviour, and contributed to improved awareness at the grassroots level.

Fire Protection Awareness Campaign

Skill Development and Awareness Programs at Baghua VSS

Ek Ped Maa Ke Naam 2.0 Celebration

The Ek Ped Maa Ke Naam 2.0 initiative, promoted under the Eco Clubs for Mission LiFE, is a meaningful campaign that encourages individuals, especially students and community members, to plant a tree in honour of their mother as well as Mother Earth.

As part of this initiative, plantation and awareness activities were organised in different VSS areas under the Dhenkanal Forest Division. During these events, fruit bearing saplings were distributed among villagers and community members, encouraging them to plant and nurture trees within their households and village surroundings. The program emphasised not only plantation but also the long term care and protection of the saplings. Participants were encouraged to regularly water, protect and nurture the planted trees so that they grow into healthy plants and contribute to environmental sustainability.

The campaign also carried an emotional message that caring for a tree is a way of expressing gratitude to one's mother and to nature, which sustains life. This message strongly resonated with villagers, students and community members who actively participated in the activities. NYSASDRI further expanded the spirit of the initiative by encouraging its staff members across different project locations, along with students, residents of institutional programs, patients attending eye care camps and hospital visitors, to participate in tree plantation and environmental awareness activities. Through this collective effort, the initiative has helped promote environmental responsibility, community participation and ecological awareness, contributing to the broader goal of forest conservation and sustainable living.

Tree Plantation by Rescued Survivor at Sakti Sadan

NYSASDRI School of Journalism and Journalism and Social Work, Govindpur, Odisha

The NYSASDRI School of Journalism and Social Work (NSJS) was established in the year 2013 with the objective of providing quality education in the fields of social work and journalism. Over the years, the institution has successfully completed more than a decade of academic excellence and continues to contribute meaningfully to higher education in Odisha. The institute offers two postgraduate programmes: Master of Social Work (MSW) and Master of Arts in Journalism and Mass Communication (MAJMC), each with an intake capacity of 60 students.

NSJS is affiliated with Utkal University of Culture and is recognized by the Government of Odisha under the Tourism and Culture Department. The institution is registered under the Society Registration Act of 1860, ensuring its credibility and commitment to structured governance. Since its inception, the school has maintained a strong academic environment supported by qualified faculty members and a well-organized administrative system.

NSJS Campus Students

NSJS Campus Govindpur, Dhenkanal

The campus of NSJS is equipped with adequate infrastructure to facilitate both academic and extracurricular development. It provides a peaceful and conducive learning environment with facilities such as a well-stocked library, separate hostel accommodations for boys and girls, a community interaction space, and a cafeteria. These facilities support students in maintaining a balanced academic and personal life during their course of study.

Over the past 13 years, a total of 597 students have been enrolled across the MSW and MAJMC programmes, reflecting the institution's consistent growth and outreach. In the current academic session (2025–26), 52 students are enrolled in the MSW programme and 2 students in the MAJMC programme. The institution ensures that students are welcomed through orientation and welcome programmes at the beginning of the session and are given a proper farewell upon completion of their courses.

Academic activities at NSJS are designed to provide both theoretical knowledge and practical exposure. Students regularly participate in lectures, seminars, workshops, and fieldwork activities. The MSW programme, in particular, emphasizes field-based learning, where students are placed in various NGOs and social organizations to gain real-world experience. This practical exposure helps them develop professional skills and understand community issues more effectively.

Student performance is continuously evaluated through internal assessments, including mid-semester examinations, assignments, and end-semester examinations. The institution has maintained an excellent academic record, with a consistent 100% pass rate since its establishment. This achievement reflects the dedication of both students and faculty members in maintaining high academic standards.

NSJS also focuses on the overall development of students beyond academics. The institution actively promotes extracurricular activities such as cultural programmes, sports events, educational excursions, field visits, and social awareness campaigns. These activities help in enhancing students' leadership qualities, teamwork, and social responsibility.

Tree Plantation Drive by NSJS Students and staffs

Respected Dignitares along with students at college premise

The institution regularly observes national festivals and important days, including Independence Day, Republic Day, Ganesh Puja, and Saraswati Puja. It also organizes awareness programmes on significant social issues such as violence against women, environmental protection, and gender equality. Events like International Women's Day and World Environment Day are celebrated with active student participation, promoting awareness and social engagement.

In terms of career opportunities, NSJS has demonstrated a strong track record. A majority of its graduates have been successfully placed in reputed organizations in the fields of social service and journalism. Some students also pursue higher education in other institutions to further enhance their academic qualifications.

Overall, the NYSASDRI School of Journalism and Social Work continues to uphold its mission of nurturing skilled, responsible, and socially committed professionals. Through its academic excellence, practical training, and holistic development approach, the institution is making a significant contribution to society by preparing students to create a positive and lasting impact in their respective fields.

Speech Delivered by Principal Sir

New Students Welcoming Programme

Community Eye Care Programme through Kalinga Eye Hospital, Dhenkanal

Eye Examination Camp in Collaboration with Rotary

On the occasion of Independence Day, an eye checkup camp was successfully organized on 15 August 2025 in collaboration with the Rotary Club of Dhenkanal as part of the ongoing community outreach initiatives of Kalinga Eye Hospital Trust. The camp was conducted with the objective of providing accessible and comprehensive eye care services while also raising awareness about the importance of regular eye examinations. The initiative received a positive response from the local community, with individuals from different age groups participating in the screening programme. The medical team conducted detailed eye examinations, including vision testing and preliminary diagnosis of common eye conditions.

During the camp, a total of 248 patients were examined in the OPD. Following vision assessment, 129 beneficiaries were provided with spectacles to correct refractive errors, enabling them to carry out their daily activities with improved visual comfort. In addition, 38 patients were identified with cataract, a condition that requires surgical intervention for vision restoration. These patients were counselled and advised to visit the hospital for further diagnostic evaluation and treatment. The camp not only helped in early detection of visual problems but also reinforced the Trust's commitment to delivering quality eye care services and strengthening community partnerships for the prevention of avoidable blindness.

Eye Screening Campaign at Rotary Club

Eye Screening Camps for ECHS Beneficiaries

Kalinga Eye Hospital has been an empanelled eye care provider under the Ex-Servicemen Contributory Health Scheme (ECHS) for the past five years, extending specialized eye care services to ex-servicemen and their dependents. As part of this engagement, an eye screening camp was organized at Bajrang Club on 21 September 2025 to provide accessible eye examinations and promote awareness about eye health among the ECHS community. The initiative focused on early detection of visual problems, offering basic eye examinations, vision screening, and counselling on preventive eye care. The medical team also guided participants regarding timely treatment and the importance of regular eye checkups, particularly for age-related eye conditions.

During this camp, a total of 102 beneficiaries were examined, out of which 64 individuals were provided with spectacles following detailed vision assessment. Additionally, 21 patients were identified as requiring surgical intervention, primarily for cataract and related conditions, and

were advised to undergo further treatment at the hospital. Eleven patients with more complex eye conditions were referred to tertiary care centres for advanced diagnostic evaluation and specialized management. In continuation of this outreach effort, another camp was organized for ECHS beneficiaries at the Ex Servicemen Association, Kamakshyanagar on 14 September 2025. During this programme, 64 persons underwent eye examinations, 20 were provided with spectacles, 8 were advised for surgery, and 4 patients were referred to tertiary centres for

further evaluation and treatment. These camps reflect the hospital's continued commitment to serving the veteran community by ensuring timely access to quality eye care services.

Strengthening Community Eye Care

With the objective of reducing avoidable blindness and ensuring that quality eye care reaches the most underserved sections of society, Kalinga Eye Hospital has continued to strengthen its communitybased eye care initiatives. The Trust believes that timely eye care should be accessible and affordable to every individual, particularly those living in rural and remote areas where specialized medical services are often limited. Guided by this vision, the Trust has undertaken sustained outreach efforts aimed at extending essential eye health services to people who may otherwise remain deprived of proper diagnosis and treatment.

As part of this initiative, the Trust organized a wide range of community eye screening programmes, including free consultation and service camps across villages, peripheral habitations, and various wards of local NAC areas. During the last financial year, a total of 200 eye camps were conducted, through which 14,276 individuals received free eye consultations. Among them, 1,121 patients underwent sightrestoring surgeries, while 2,136 beneficiaries were provided with spectacles after proper vision assessment. In addition, 6,853 patients received free medicines, and 1,011

individuals with complex or advanced eye conditions were referred for further examination and specialized treatment. These initiatives demonstrate the Trust's strong commitment to expanding community eye care and ensuring that preventable and treatable causes of vision impairment are addressed in a timely and effective manner.

Vision Centres: Strengthening Primary Eye Care Access

Primary Eye Care Centres, commonly known as Vision Centres, play a crucial role in strengthening community-level eye health services and ensuring early detection and management of common eye problems. Recognizing the importance of decentralizing eye care and making it easily accessible to the community, Kalinga Eye Hospital has established a network of Vision Centres in different parts of the region. These centres function as the first point of contact for people seeking basic eye care services such as vision screening, refraction, preliminary diagnosis of eye conditions, and guidance on appropriate treatment. By bringing essential eye care services closer to the community, Vision Centres significantly reduce delays in diagnosis and help prevent minor eye problems from progressing into serious conditions.

Vision Centre Athgarh Eye screening

Eye Assessment at Vision Centre Bhuban

At present, Kalinga Eye Hospital operates eight Vision Centres across the region. Two of these centres function within Government healthcare facilities at Bhuban Community Health Centre and Sriramchandrapur Community Health Centre, strengthening collaboration with the public health system. In addition, six centres are operating within local communities at Khajuriakata, Bhuban, Athagarh, Khamar, Koshala, and Athamallik. Through these centres, community members are no longer required to travel long distances to Dhenkanal for minor eye concerns or routine vision correction, thereby saving a day's wage as well as travel, food, and accompaniment expenses. When necessary, patients can also connect directly with the doctor at the base hospital through video consultation from these centres. During the last financial year alone, 24,448 individuals benefited from services provided through these Vision Centres, many of whom would otherwise have had to travel to the base hospital for primary eye care services.

Unite For Sight: Global Impact Fellows Programme

Unite For Sight has been one of the longstanding international supporters of Kalinga Eye Hospital, contributing to the strengthening of community eye care initiatives in this region for more than two decades. Through its various global programmes, the organization works to improve access to eye care services for underserved populations, particularly those living in poverty. One of its notable initiatives is the Global Impact Fellows Programme, under which students and professionals from different parts of the world visit partner hospitals to support community-based eye care delivery while gaining practical exposure to public health programmes. Fellows participate in outreach activities, patient education, documentation, and programme monitoring, and upon completion they receive a Certificate in Global Health and Program Delivery.

N. Manushree , Volunteer at
Kalinga Eye Hospital

During the financial year, Manushree Nabaneethakrishnan visited the hospital under the Global Impact Fellows Programme from 30 June 2025 to 16 July 2025. During her stay, she actively participated in various non clinical support activities including visiting outreach eye camps, assisting the Trust team in documentation, report preparation, photography, and videography, as well as supporting programme coordination at the base hospital. All her activities were carried out strictly in accordance with the guidelines of the Medical Council of India, along with the regulatory norms of the Government of India and the Government of Odisha, ensuring that visiting fellows do not engage in clinical procedures. During this period, the hospital

continued its regular outreach and surgical services, through which 110 sight restoring surgeries were performed and 618 individuals received free eye screening services, reflecting the continued impact of collaborative efforts in advancing community eye health.

Kalinga Eye Hospital & Research Centre, Gobindpur

In order to further expand the reach of quality eye care services and address the growing demand for accessible treatment facilities, Kalinga Eye Hospital has undertaken an important initiative to develop a larger eye care facility at Gobindpur in collaboration with NYSASDRI. The proposed institution, to be known as Kalinga Eye Hospital & Research Centre, aims to strengthen the availability of specialized eye care services in the region while also creating a platform for advanced treatment, training, and community outreach programmes. This initiative reflects the Trust's long term vision of building sustainable eye care infrastructure that can cater to the needs of people residing in rural and semiurban areas.

As part of the process to operationalize the facility, the Assistant District Medical Officer visited the Gobindpur campus and conducted the necessary inspection, following which the Clinical Registration Certificate was issued to the institute. Subsequently, the institution applied for empanelment under the Ayushman Bharat Pradhan Mantri Jan Arogya Yojana so that eligible patients can avail cashless treatment benefits. In this regard, the Chief District Medical and Public Health Officer visited the campus on 10 November 2025 and carried out the required assessment before submitting the report to the State Health Assurance Society, Odisha for further processing of the empanelment request. Once the empanelment process is completed, the new centre is expected to commence services and significantly enhance access to eye care for communities living in and around the Gobindpur region.

6th Odisha Eye Conclave 2026: Collaborative Platform for Eye Health in Odisha

The 6th Odisha Eye Conclave (1st Feb 2026)_was organized at Hotel Swosti Premium and witnessed the participation of 273 delegates, including ophthalmologists, healthcare professionals, Rotarians, Govt Representatives, Corporates, Academicians, and representatives from social service organizations working in the field of eye care. The conclave served as a significant platform for dialogue and knowledge exchange on strengthening eye health systems in Odisha. Key thematic discussions focused on school and Anganwadi eye health, driver vision care and road safety, handloom weavers' eye care, senior citizen eye health, corporate social responsibility in eye care, and human resource development in ophthalmic services. The sessions emphasized preventive eye care, early detection of vision problems, and expanding community based eye health initiatives to reach underserved populations.

Gathering for the 6th Odisha Eye Conclave at Hotel Swosti Premium, Bhubaneswar

Kalinga Eye Hospital served as one of the core committee members supporting the organization of the conclave and also presented its community outreach initiatives during the preinaugural session. The event featured several distinguished speakers and experts, including Dr. Sarangadhara Samal, Dr. Smita Sinha, Ms. Abha Mishra, Dr. Debasmita Majhi, Dr. Keerti Bhusan Pradhan, Madhusmita Das, Alok Kumar Pal, and Sudatta Khuntia, among others. Through expert presentations and panel discussions, the conclave reinforced the importance of multisector collaboration

among hospitals, government departments, NGOs, and corporate institutions to reduce avoidable blindness and expand access to quality eye care services across Odisha. Kalinga Chakhyu Seva Samagam 2026 Strengthening Community Partnerships in Eye Care.

Kalinga Chakhyu Seva Samagam 2026 Strengthening Community Partnerships in Eye Care

Kalinga Chakhyu Seva Samagam 2026 was organised under the leadership of Kalinga Eye Hospital on 17 January 2026 at the 3rd Floor Conference Hall of Kalinga Eye Hospital, Dhenkanal. The programme aimed to recognise and appreciate the contributions of various stakeholders involved in community eye care and to share the institution's journey, achievements, and future vision for expanding quality eye care services to underserved populations. The halfday event brought together 83 participants, including doctors, optometrists, social activists, NGO representatives, Government officials, community volunteers, and wellwishers associated with the community Ophthalmology initiatives.

Shri Ashish Iswar Patil, IAS, Collector & District Magistrate, Dhenkanal, being felicitated by Shri Sarangadhar Samal, Director, NYSASDRI

Shri Sumit Kar, Divisional Forest Officer (DFO), Dhenkanal, being felicitated by Shri Sarangadhar Samal, Director, NYSASDRI.

The programme was graced by Shri Ashish Iswar Patil, IAS, Collector & District Magistrate, Dhenkanal, and Sumit Kar, Divisional Forest Officer (DFO), Dhenkanal, who addressed the gathering and appreciated the organizations's sustained efforts in community eye health and outreach services. During the event, several individuals and organisations who have supported eye care initiatives were felicitated by the dignitaries. The programme also provided an opportunity to highlight collaborative efforts between government departments, civil society organisations, and the hospital in strengthening eye care delivery in rural and tribal areas of the district.

Shri Sarangadhar Samal, Director, NYSASDRI, delivering his address to the distinguished guests

Weavers Eye Care Programme: Strengthening Sight for the Weaving Community

The Weavers Eye Care Programme: Strengthening Sight, Empowering Weavers and Artisans was launched by the Government of Odisha through the Department of Handlooms, Textiles and Handicrafts, Government of Odisha on 4 February 2026 at Buddha Bihar, Kalinga Eye Hospital participated in the programme as one of the supporting partner organisations, contributing to the delivery of eye screening and vision care services for the weaving community. The initiative aimed to reduce avoidable blindness among weavers and artisans, whose livelihoods depend heavily on good vision, thereby improving both productivity and quality of life. The programme was inaugurated by Shri Pradip Balasamanta, Hon'ble Minister of State for Cooperation, Handloom and Textiles, Government of Odisha, in the presence of Shri Prem Chandra Chaudhary, IAS, Director of Textiles and Handloom, Odisha; Shri Bijaya Kumar Dalabehera, Hon'ble MLA, Badamba; Shri Prahlad Narayan Sharma, IAS, SubCollector, Athagarh; and Abha Mishra, State Head, United Nations Development Programme Odisha, along with representatives from Sightsavers, Rotary International District 3262, and other dignitaries.

Eye Screening at Weaver's Eye Care Programme

Patient Registration during the Mega Eye Care Campaign at Nuapatana, Cuttack.

During the one-day programme, a total of 417 beneficiaries from the weaving community underwent comprehensive eye screening through multiple examination counters and counselling units. As part of the services delivered, 104 readytouse spectacles were distributed by Kalinga Eye Hospital, while 148 spectacles were distributed by Sightsavers, and 74 individuals were prescribed spectacles for later fabrication and distribution. Additionally, 55 individuals were identified with operable cataract and enrolled for further counselling and treatment. The programme successfully demonstrated the impact of collaborative efforts between government departments, development organisations, and eye care institutions in extending essential vision care services to skilled artisans and strengthening the sustainability of the handloom sector.
