

Corona Pandemic Appeal by NYSASDRI

The corona virus pandemic is not only a health emergency, but an economic and social one. Thousands of wage earners have lost their work. Many of the workers from other states have been stuck up away from their homes. Children are living with distressed condition and are in nutritional deficits. Health care and sanitation are also at risk. The farmers have confronted with huge losses as their farm products are unsold because of national lock down.

With the closure of businesses and limits on movement, thousands will experience huge financial challenges in the months ahead. Together, we can help those who need it most. In response to the crisis we propose to support those affected financially by COVID-19, helping older people, single parents and families who are unable to work, who need money to buy medicines, fruits, milk, and are struggling to make essential purchases. Though Govt of India and Govt of Odisha have initiated support but it seems insufficient visualising the gravity of scenario.

The corona virus outbreak is changing life as we know it and therefore NYSASDRI an NGO in Odisha seeks for your philanthropic support. NYSASDRI (National Youth Service Action and Social Development Research Institute), a not-for-profit organization being registered under the Indian Societies Registration Act, XXI of 1860, the Foreign Contribution Regulation Act (FCRA) of 1976 and section 12(A) & 80(G) of Income Tax Act works with the vulnerable groups of 12 districts of Odisha.

As we are the responsible citizens we need to unite and extend support to those who desperately require food, medicines, essential commodities and revival support on livelihood.

Kindly donate as minimum as possible as individuals/ group or through network. I am sending herewith bank information, PayPal system, and other details through which donation can be made instantly.

DONORS CAN DONATE DIRECTLY TO OUR BANK ACCOUNTS

Bank Information of Non-FC Account	Bank Information of Foreign Contribution (FC) Account
